

Tutoring Center

The AUM Tutorial Center offers free academic support to all currently enrolled AUM students. The Center provides Drop-In and by Appointment one to one and group tutorials.

The Center's mission is to improve AUM student's critical thinking skills where

they can move beyond passive acceptance of concepts and topics toward knowledge-seeking stance where concepts are broken apart, decomposed, questioned, syndicated and evaluated.

The AUM Tutorial Center aims at fulfilling this mission by achieving the following goals:

- Increase students' engagement in the learning process.
- Reduce barriers for students' academic success by responding to their unique learning needs.
- Assure delivery of high quality tutorials sessions that uphold high academic standards.
- Empower students to become responsible, active and independent learners.
- Provide a welcoming environment that supports students learning.

In addition to walk-in tutorials, the center offers the following:

- One-on-one tutorials
- Group based tutorial
- Peer-to-Peer tutorials
- Project, lab support, and homework assistance
- Lecture based or problem solving sessions. (by announcement and coordination with colleges / departments)

The main outcome of the tutorials is to enable students with the necessary skills so they are able to fulfill their deliverables.

Visit the AUM Tutorial Center, if you wish to:

1. Improve and maintain your academic performance.
2. Improve your learning and study skills and habits.
3. Become an independent learner.
4. Benefit from an opportunity for cooperative learning with both tutors and fellow students.
5. Prepare for exams, projects and assignments.
6. Enhance your problem-solving skills.
7. Benefit one-to-one consultation and freedom to ask questions.
