Dear Prof. Dr. Daniel Muijs

I am pleased to submit the enclosed article, '**AUMOR: Augmented-Reality Based Mobile Application for University Orientation**' by **Muhammad Nadeem, Melinda Oroszlanyova, Pauly Awad, Hasan Ozkan, and Svetlana Beryozkina** for consideration of publication in the *Inventions*.

We are keen to publish in a journal that current issues in education. We believe that this manuscript is appropriate for publication by *Education Sciences* because this research paper makes an original contribution to the advancement of scientific knowledge regarding the use of technology.

This paper presents a mobile application, AUMOR-AR, designed to enhance university orientation by delivering contextual information at the point of need. The application integrates GPS-based localization with QR code triggers to provide real-time, location-specific guidance and interactive content through an augmented reality (AR) interface.

This manuscript has not been published and is not under consideration for publication elsewhere. We have no conflicts of interest to disclose.

Thank you for your consideration!

Kind regards,  
Dr. Muhammad Nadeem
